

National Institute of Oceanography & Discovery investigations

(Mostly NIO, some Discovery Investigations 1920s, 1930s (Incl. Scoresby & Discovery II Commissions, Ellsworth Relief Expedition)

C1	Filing system: guide; classification of equipment	1953
C2	Narwhal's tusk, presented by Sir J. Middleton: correspondence	1948
C3	Dr N.A. Mackintosh – "personal": correspondence; details of publications; papers relating to a promotion	1947-68
C4	Dr N.A. Mackintosh – research: notes; draft of and appendix to an article on krill	c. 1972
C5	Dr N.A. Mackintosh – research: photocopy of paper by R.N. Burukovskiy on Soviet fishery research relating to Antarctic krill	c. 1967
C6	NERC joint meeting of representatives of the Antarctic committee and the Oceanography and fisheries committee's working group on biological resources in the Antarctic, 1969: papers; reports, including on krill and Antarctic research	1969
C7	NERC Antarctic committee: papers; notes by Mackintosh	1968
C8	NERC Antarctic committee: notes by Mackintosh; correspondence	1968
C9	NERC Antarctic committee: papers supplied by Mackintosh on Antarctic research; correspondence	1968
C10	NERC Antarctic committee: papers from a discussion meeting on recommendations for Antarctic research; notes by Mackintosh	1969
C11	NERC working group on biological resources in the Antarctic, meeting, 1968: correspondence; minutes; paper by Mackintosh on krill	1968-9
C12	NERC working group on biological resources in the Antarctic, meeting, 1968: agenda; minutes; proposal; notes	1968-9
C13	NERC working group on biological resources in the Antarctic, meeting: agenda; terms of reference; origins; minutes; notes by Mackintosh; copy of a paper 'Observations on krill in the near future'	1968
C14	Micromesistius: correspondence; notes; paper relating to the study of blue whiting; article on plankton	1963-8
C15	Plankton as food (potential Antarctic fisheries): correspondence; article by A.C. Hardy	1941-53
C16	Herrings in the Antarctic: correspondence; paper	1956-7
C17	British Antarctic Survey work: correspondence; copies of correspondence between Everson, Clarke, Wade and Blakey-Marshall	1970-1
C18	R. McHardy and HMS <i>Endurance</i> : correspondence with Professor J.E.G. Raymont; part of paper on Antarctic krill by C. Lockyer; paper 'Krill observations from HMS <i>Endurance</i> , 1968-9'	1969-72
C19	Dr N.A. Mackintosh – observations on krill: correspondence; NERC log of observations on Antarctic krill and fish from the <i>Endurance</i> and <i>John Briscoe</i>	1968-9
C20	Dr N.A. Mackintosh – krill, data on weights: graphs	1969

C21	Dr N.A. Mackintosh – krill, estimate of the masses, etc,	c. 1967
	miscellaneous: graphs; notes	
C22	Dr N.A. Mackintosh – krill, estimate of the masses, etc., swarm size	n.d. c. 1968
	frequencies: statistics; graphs; analysis	
C23	Dr N.A. Mackintosh – krill, estimate of the masses, etc., material on	c. 1968
	density: correspondence; data; tables; graphs; statistical models	10.00
C24	Dr N.A. Mackintosh – krill, estimate of the masses, etc.: tables of	c. 1968
C25	figures; graphs	1968
C25	Dr N.A. Mackintosh – krill, estimate of the masses, etc., spare copies: copy of provisional draft of 'Estimates of the mass and	1908
	extent of surface swarms of krill'	
C26	Dr N.A. Mackintosh – krill, estimate of the masses, etc.:	1967-8
C20	correspondence; carbon of part of a provisional draft; NERC	1907-0
	Oceanography and Fisheries Committee resources surveys overseas	
	field notes	
C27	'The need for future work on krill' – paper for SCOR:	1966-7
027	correspondence; recommendations and comments arising from	1,000 /
	symposium on Antarctic oceanography, Santiago, 1966	
C28	Dr N.A. Mackintosh – krill, harvesting: correspondence; notes	1949-59
C29	Guide to the operations and maintenance of oceanographic	1949
	equipment; draft and final version, 1949; guide on maintaining	
	scientific records at sea	
C30	Dr N.A. Mackintosh – Discovery Reports vol. 34, pp. 1-94: 'Life	c. 1972
	cycle of Antarctic krill in relation to ice and water conditions'	
	(1972): draft text; illustrations; chart	
C31	Dr N.A. Mackintosh – Discovery Reports vol. 36 (1974): 'Size of	c. 1974
	krill eaten by whales in the Antarctic': handwritten text to be typed	
C32	Dr N.A. Mackintosh – Discovery Reports vol. 36 (1973):	c. 1973
	'Distribution of post-larvae krill in the Antarctic': typescript of text	
C33	Dr N.A. Mackintosh – corrections to net samples: notes	1969
C34	Dr N.A. Mackintosh – krill: estimates of numbers of samples;	c. 1960-70
	graphs; notes	
C35	Dr N.A. Mackintosh – krill: analysis of samples for 1928-64	1971
C36	Dr N.A. Mackintosh – krill: notes on data; calculations	1969
C37	Dr N.A. Mackintosh – new analysis of krill distribution:	1971-2
~~	correspondence; notes; data; graphs	10.50
C38	Dr N.A. Mackintosh – krill: notes on distribution	c. 1960
C39	Dr N.A. Mackintosh – new analysis of krill distribution: data; notes	1972
C40	Dr N.A. Mackintosh – krill, growth latitude: notes; data; graphs	c. 1968
C41	Dr N.A. Mackintosh – krill, stomach samples: data, 1929-40	n.d. c. 1968
C42	Dr N.A. Mackintosh – Discovery Reports vol. 34, pp. 1-94 'Life	c. 1972
	cycle of Antarctic krill in relation to ice and water conditions'	
C/12	(1972): draft text; illustrations; chart	a 1072
C43	Dr N.A. Mackintosh – Discovery Reports vol. 34, pp. 1-94 'Life	c. 1972
	cycle of Antarctic krill in relation to ice and water conditions'	
C11	(1972): handwritten text to be typed Dr.N.A. Mackintosh, Discovery Paperts vol. 36 (1973) 'General	c. 1973
C44	Dr N.A. Mackintosh – Discovery Reports vol. 36 (1973) 'General distribution of the krill and seasonal changes': handwritten text to	C. 19/3
	be typed	
C45	Dr N.A. Mackintosh – krill: data	1970
	DI 14.71. Mackintosii Kiili. uata	1710

C46	Dr N.A. Mackintosh – krill, spawning, deep larvae: data; graphs	1970
C47	Dr N.A. Mackintosh – krill, sea temperature, Brausfield Straits:	c. 1970
	hand drawn charts plotting distribution, 1926-34	
C48	Dr N.A. Mackintosh – krill, correction for temperature and ice	1970
	anomalies: data; graphs; notes	
C49	Dr N.A. Mackintosh – krill, water conditions: notes; data; article by	c. 1969
	C. Smithbank on giant icebergs in the Weddell Sea, 1967-8	
C50	Dr N.A. Mackintosh – krill, pack ice limits: correspondence, notes;	1970
	data; charts	
C51	Dr N.A. Mackintosh – krill, pack ice limits: correspondence; copy	1969-71
	of article 'Two year cyclic fluctuations of ice conditions in the	
	vicinity of the South Sandwich Islands' by L. Yeskin and B.A.	
	Sleptsov-Shevlevich	
C52	Dr N.A. Mackintosh – krill, ice anomalies: data; graphs	1969
C53	Marine stations – general correspondence: correspondence;	1924-30
	memorandum on preparing papers for the Discovery Committee	
C54	RRS William Scoresby – bathythermographs lent to:	1950-1
	correspondence; log sheets	
C55	RRS William Scoresby – restoring and laying up: correspondence;	1950-5
	details of defects; paper of discussion of Board relating to defects	
	and alterations, 1951; newspaper cutting; list of items exchanged	
	with MBA for storage	
C56	RRS William Scoresby: sailing orders	1950
C57	RRS William Scoresby – programme eighth commission, cruise	1949-50
~~~	from Plymouth: correspondence; programme	10.50
C58	RRS William Scoresby – correspondence: correspondence;	1950
~-~	summary of stations worked	10.50
C59	RRS William Scoresby: telegrams	1950
C60	RRS William Scoresby: telegrams	1950
C61	RRS William Scoresby – eighth commission, general:	1950
	correspondence; chart; carbon copy of 'The voyage of the RRS	
000	William Scoresby, 1950'; notes and instructions; programme	1050
C62	RRS William Scoresby – eighth commission, reports of	1950
062	proceedings: copies of chronological narrative	1050
C63	RRS William Scoresby – eighth commission, signal log: copies of	1950
C61	naval messages	1046
C64 C65	RRS William Scoresby – post-war: correspondence RRS William Scoresby – 1938-9 laid up: engineer's monthly	1946 1938-9
C03	· · · · · · · · · · · · · · · · · · ·	1938-9
C66	reports; draft letter to whaling companies  RRS William Scoresby – seventh commission, maintenance, repairs,	1937-8
C00		1937-0
C67	defects: defect list; report on state and condition  RRS William Scoresby – seventh commission: captain's letters of	1937-8
C01	proceedings	1/3/-0
C68	RRS William Scoresby – seventh commission, general:	1937
C00	correspondence; notes on store accounting arrangements; draft	1731
	programme for commission	
C69	RRS William Scoresby – sixth commission, maintenance, repairs,	1936-7
	defects: defect list; engineer's reports; summary of prices	1,30 /
C70	RRS <i>William Scoresby</i> – sixth commission, general:	1936-7
2,0	correspondence	
	Tolloponaenee	

C71	RRS William Scoresby – sixth commission: captain's report (letters	1937
	of proceedings)	
C72	RRS William Scoresby – fifth commission, maintenance, repairs,	1935-6
	defects: reports; correspondence	
C73	RRS William Scoresby – fifth commission, general: correspondence	1935
C74	RRS William Scoresby – fourth commission, maintenance, repairs,	1934-5
05.5	defects: correspondence; list of essential adjustments at Cape Town	1024.5
C75	RRS William Scoresby – fourth commission: captain's reports	1934-5
C76	RRS William Scoresby – fourth commission, general and	1934-5
	preparatory: correspondence; list of personnel; chart showing whales marked	
C77		1022 2
CII	RRS William Scoresby – 1932-4 laid up: engineer's monthly reports; notes of meeting of Discovery Committee	1932-3
C78	RRS William Scoresby – third commission, maintenance, repairs,	1930-1
C/6	defects: correspondence; reports; defect list	1930-1
C79	RRS William Scoresby – third commission, general:	1927-32
Cij	correspondence; naval messages; annual return on condition of	1)27 32
	boats; report on William Scoresby	
C80	RRS William Scoresby – third commission: captain's reports	1930-2
C81	RRS William Scoresby – second commission, maintenance, repairs,	1927-30
COI	defects: defects and repairs list; correspondence; reports	1)27 30
C82	RRS William Scoresby – second commission, general:	1927-8
002	correspondence; carbon draft sailing orders	1927 0
C83	RRS William Scoresby – second commission: captain's reports;	1928-30
	charts	
C84	RRS William Scoresby – second commission, scientific work:	1928-30
	correspondence; summary of work	
C85	RRS William Scoresby – first commission, general:	1926-7
	correspondence; plan; proposed arrangements of balanced weights	
	on crank shaft	
C86	RRS William Scoresby – second and third commissions:	1927-32
	correspondence, including private letters	
C87	RRS Discovery II and Discovery (1963-) – dates of ships	1959-66
	movements: provisional programmes	
C88	Royal Research Ships (RRS): Discovery II and William Scoresby	1950-2
	general orders Incl. Officers and crew- rates of pay, uniforms,	
	insurance – conditions of service etc	
C89	RRS William Scoresby – programme for eighth commission: draft	1950
	and final versions	
C90	RRS Discovery II – programme for sixth commission: draft and	1950
G0.1	final versions; letter	1040.50
C91	RRS Discovery II and RRS William Scoresby – programme,	1949-50
C02	external consultation and special requests: correspondence	1040
C92	RRS Discovery II and RRS William Scoresby – programme,	1949
C02	general: correspondence; draft programmes for vessels	- 1046 52
C93	Plans for post-war field programmes: draft lines of investigations;	c. 1946-53
C04	charts; paper 'general purposes'	1050
C94	RRS Discovery II: telegrams	1950
C95	RRS Discovery II – sixth commission, general: correspondence;	1950
	typescript 'The voyage of the Discovery II'	

C96	RRS <i>Discovery II</i> – sixth commission: telegrams	1951
C97	RRS <i>Discovery II</i> – sixth commission, cruise from Plymouth:	1950
	correspondence; charts; suggested programme	
C98	RRS <i>Discovery II</i> – sixth commission: reports of proceedings	1950-1
C99	RRS Discovery II – sixth commission, scientific reports:	1950-1
	correspondence; notes for report; thirty sixth report	
C100	RRS Discovery II – sixth commission, spare berths for visiting	1950-1
	scientists: correspondence	
C101	RRS <i>Discovery II</i> – sixth commission, loss of equipment and gear:	1950-1
	correspondence	
C102	RRS <i>Discovery II</i> – sixth commission: general correspondence	1951
C103	RRS <i>Discovery II</i> – sixth commission: general correspondence	1951
C104	RV Sarsie – short cruise, May-Jun: report; correspondence	1957
C105	Short cruises – other than biological ones: possible programmes;	1957
	note on squid	
C106	RRS Discovery II – Sep 1956 (David and Currie): notes; carbon	1956
	copies of report on biological work	
C107	RRS Discovery II – Oct-Nov 1955 (Currie and Foxton): notes;	1955
	carbon copies of report on biological work	
C108	RRS <i>Discovery II</i> – Mar-Apr 1955 (Currie and Foxton): carbon	1955
	copies of report on biological work; chart	
C109	RRS Discovery II – May-Jun 1955 (David): correspondence;	1955
	carbon and handwritten copies of report on biological work	
C110	RRS Discovery II – Sep 1955 (Mackintosh): correspondence;	1955
	handwritten and typescript report on biological work	
C111	RRS <i>Discovery II</i> – Sep 1954 (Mackintosh): correspondence; notes;	1954
	chart; report on biological work	
C112	RRS Discovery II – Nov 1954 (David): correspondence;	1954
	handwritten and carbon copy of report on biological work	
C113	RRS Discovery II – Jul 1954 (Currie and Foxton): report on	1954
	scientific work; chart	
C114	RRS Discovery II – May-Jun 1954 (David) correspondence; chart;	1954
	carbon copies of report on biological work	
C115	RRS Discovery II – laying up: correspondence	1952-3
C116	RRS <i>Discovery II</i> – Sep-Oct 1952: letters of proceedings; telegram;	1952
	signals	
C117	RRS <i>Discovery II</i> – Aug-Sep 1952: programme; notes; charts;	1952
	station position; programme; letters of proceedings	
C118	RRS <i>Discovery II</i> – Aug-Sep 1952, correspondence:	1952
	correspondence; telegrams	
C119	RRS Discovery II – Jul-Aug 1952: correspondence; suggested	1952
	seismic shot firing procedure; letter of proceedings; programme	
C120	RRS Discovery II – May-Jun 1952: letters of proceedings;	1952
	correspondence	
C121	RRS Discovery II – refit 1952: defects lists (deck scientific	1951
	equipment)	
C122	Oil fuel at Kerguelen: correspondence	1951
C123	Fish detection and other instrumentation: paper on trawl recorder;	1958-9
	item 5 of National Oceanographic Council executive committee on	
	proposals for future work on fish detection; report of Birmingham	
	University Fish Detection cruise, 1958	

C124	Echo fishing – miscellaneous devices: reports; correspondence	1955-8
C125	Television underwater camera: correspondence; report; photograph	1954
C126	Organic production: correspondence	1953
C127	Fishing methods – electric fishing: correspondence; public report on the effects of electrical fields on fish in sea water; translation of German report	1951-3
C128	Fishing methods – pelagic trap: correspondence; drawings of trap	1951-6
C129	Fishing methods – rough plans and notes: correspondence; notes; plans	1951-4
C130	Fishing methods – large bottom traps: notes; diagrams; photographs	n.d.
C131	Fishing methods – lures, hooks, grapples, long lines, etc.: correspondence; notes; articles; illustrations	1949-52
C132	Fishing methods – subcommittee of: correspondence; notes	1951
C133	RRS <i>Discovery</i> III: carbon copy of draft brief specification of steel single screw diesel electric research and survey vessel; notes on new ship	1959
C134	RRS <i>Discovery</i> II – Aug-Sep 1959 (Waterman): correspondence; itinerary; report; charts	1959-61
C135	RRS <i>Discovery</i> II – Mar-Apr 1959 (Currie): correspondence; reports on biological work	1958
C136	RRS Discovery II – building, scientific accommodation and equipment: correspondence	1929
C137	'Whales not submarines' – other wartime correspondence: article by Mackintosh; pencil sketches of whales; naval intelligence report from marine station	
C138	Marine station – 1924-7: correspondence relating to provisions, medical equipment and personnel of the South Georgia station	1924-7
C139	Marines station – 1928: correspondence	1928-9
C140	Marine station: general reports from South Georgia	1925-31
C141	Marine station – programmes: notes on proposed plankton work and on breeding of whales	1924, n.d.
C142	Wireless reports – RRS <i>Discovery II</i> and RRS <i>William Scoresby</i> : correspondence; report of apparatus	1927-38
C143	RRS <i>Discovery</i> – scientific gear: correspondence; details; tender for estimate	1927-38
C144	RRS Discovery: telegrams	1925-7
C145	RRS <i>Discovery</i> – enquiries, suggestions and final disposal: correspondence; Discovery Committee minutes; paper on disposal of ship; copy of charter	1931-49
C146	RRS Discovery: captain's report of proceedings	1925-7
C147	RRS <i>Discovery</i> – maintenance, repairs, refit: engineer's reports; notes from meeting relating to refit; list of officers and crew; correspondence; estimates	1928-36
C148	RRS <i>Discovery</i> – etching of ship by Wylie: correspondence; list of subscribers; list of addresses of recipients; accounts	1927
C149	Boy Scouts Association: correspondence	1950
C150	RRS <i>Discovery</i> : correspondences; note of Captain Mackenzie's remarks on RRS <i>Discovery</i> ; note on scientific work to be undertaken; chart of outward route; further report on the progress of preliminary work of the <i>Discovery</i> expedition	1925-7
C151	RRS Discovery II – fifth commission: reports of proceedings	1937-9

SSO: programme, 1937-9; notes on repeated routes; chart	C152	RRS <i>Discovery II</i> – fifth commission, programme and briefing for	1937
C153 RRS Discovery II – fifth commission, general: correspondence; programme; cabin allotment C155 RRS Discovery II – fifth commission, maintenance, repairs, refits: correspondence; list of defects; analysis of tenders; report of state and condition of ship C156 RRS Discovery II – fifth commission, report on engine room logs: correspondence C157 RRS Discovery II – fourth commission; report on deck logs and engine room logs C158 RRS Discovery II – fourth commission, maintenance, repairs, refits: correspondence; defects list; certificate of note protest and protest of the Discovery II at Cape Town RRS Discovery II – fourth commission, missing survey party: correspondence; extracts from report of proceedings of HMS Ajax; report C160 RRS Discovery II – fourth commission, relief of Ellsworth: correspondence; draft telegram; extract from the Daily Telegraph C160A RRS Discovery II fourth commission, Ellsworth Relief Expedition; rescue of the American, Lincoln Ellsworth and their Protect Hollick-Kenyon (his pilot) which had run out of fuel, and had to make a forced landing in the Antarctic, near the Bay of Whales, to be named by Ellsworth 'Little America'  • Three charts made during the rescue search, by H.Kirkwood (2 rd Officer, RRS Discovery II), 2 Charts showing track of RRS Discovery II from Melbourne to the Bay of Whales, Antarctic.  1 Chart showing proposed search patterns of the Wapiti sea-plane (carried on RRS Discovery II) to search for the missing flyers.  C161 RRS Discovery II – fourth commission: reports of proceedings  C162 RRS Discovery II – fourth commission: report on engine room logs; correspondence  RRS Discovery II — third commission: proceedings  C163 RRS Discovery II — third commission: proceedings  C164 RRS Discovery II — third commission peneral: correspondence; statement for Cape Town press; list of photographs for press; minutes of the Discovery Committee scientific subcommittee; list of officers, petty officers and men, 1935  C166 RRS Discovery II — third commission, maintenance, repairs, ref			
C154 RRS Discovery II — fifth commission, general: correspondence; programme; cabin allotment C155 RRS Discovery II — fifth commission, maintenance, repairs, refits: correspondence; list of defects; analysis of tenders; report of state and condition of ship C156 RRS Discovery II — fifth commission, report on engine room logs: correspondence C157 RRS Discovery II — fourth commission: report on deck logs and engine room logs C158 RRS Discovery II — fourth commission, maintenance, repairs, refits: correspondence; defects list; certificate of note protest and protest of the Discovery II at Cape Town C159 RRS Discovery II — fourth commission, missing survey party: correspondence; defects list; certificate of note protest and protest of the Discovery II — fourth commission, missing survey party: correspondence; extracts from report of proceedings of HMS Ajax; report C160 RRS Discovery II — fourth commission, relief of Ellsworth: correspondence; draft telegram; extract from the Daily Telegraph C160A RRS Discovery II — fourth commission, Ellsworth Relief Expedition: rescue of the American, Lincoln Ellsworth and his Pilot Herbert Hollick-Kenyon, near the Bay of Whales, Antarctic, 1936.  • Charts made on RRS Discovery II to plot the possible course and location of the missing aircraft of the American Lincoln Ellsworth, and Herbert Hollick-Kenyon (his pilot) which had run out of fuel, and had to make a forced landing in the Antarctic, near the Bay of Whales, to be named by Ellsworth Little America'  • Three charts made during the rescue search, by H.Kirkwood (2nd Officer, RRS Discovery II), and signed by Commander L.C.Hill (Captain, RRS Discovery II), and signed by Commander L.C.Hill (Captain, RRS Discovery III) to search for the missing flyers.
